Motzkin Park Terrace: gap analysis

Why buyers and AI engines can't find, or can't trust, the project online, and what has been done about it.

Prepared 27 October 2026 · Sarjapur–Attibele Road, Bengaluru 562125 · Karnataka RERA PRM/KA/RERA/1251/308/PR/180120/001659

2	5	4	3
critical gaps	high gaps	closed by the new site	need the developer's action

The short version

Search for the project's name today and more than ten broker and portal pages answer before any official source. Among them they give three developer names, four possession dates and two land areas. Google and AI answer engines can't verify which is true, so they hedge or cite brokers. Meanwhile the project's real advantage, both villa types under ₹2 Cr inside a gated community of 47 homes, is said nowhere with authority.

Gaps

#	Gap	Severity	Status
1	No official website; brand searches go to 10+ broker and aggregator pages (motzkinparkterrace.com/.in, cityair, 99acres, SquareYards, Dwello, CommonFloor, Quikr)	Critical	Built Official site with 20+ pages, ready to deploy
2	Entity confusion: three developer names, four possession dates, two land areas	Critical	Built /official-facts with sources, a "what older listings get wrong" table and /llms.txt. **Needs the developer to confirm the values**
3	Google Business Profile reads "Unnamed Rd"; thin categories, photos and description	High	Playbook written (docs/gbp-playbook.md); **needs owner access**

#	Gap	Severity	Status
4	No Organization, ApartmentComplex or FAQPage schema anywhere	**High**	**Built** JSON-LD on every page from one source file
5	No owned content for "villas under 2 Cr Sarjapur", "STRR impact" or schools	**High**	**Built** 3 insights posts, a price-list page and 31 FAQs; calendar for 6 months
6	Justdial listing unclaimed; Bing Places status unknown	**High**	Directory list in the playbook; **needs claiming**
7	No ad tracking: no Pixel or CAPI, no Google Ads conversions, no UTM capture	**High**	**Built** UTM, gclid and fbclid capture, dataLayer events, server-side CAPI, consent banner; GTM ID pending

Competitive position

Project	From	Scale
Motzkin Park Terrace	**₹1.48 Cr**	**47 villas, ~2.1 acres**
JRC Palladio	₹2.09 Cr	Triplex villas
Evo Aeris	₹2.6 Cr	166 villas, 13 of 60 acres
MJR Divine Meadows	₹2.75 Cr	137 duplex villas
NVT A Wonderful World	₹3.15 Cr	~100 acres, pre-launch
Nambiar Bellezea	₹4.96 Cr+	110 acres

Listed starting prices from public sources; re-check before quoting.

What the developer needs to do next

1. Confirm the facts marked TODO-VERIFY: legal entity name, land area, unit count and split, possession date, prices, phone, WhatsApp and email.

2. Give the team owner access to the Google Business Profile, Justdial and the portal builder accounts.
3. Supply the architect's site and floor plans and any renders or site photographs, so the drawn placeholders can be replaced.
4. Approve the budget band (₹1.5–2.5 L a month) and the call-within-5-minutes lead SOP.

Why this matters for AI answers: engines such as ChatGPT, Perplexity and Google AI Overviews cite sources that agree with each other and carry structured, dated facts. One official page with sourced figures, repeated identically across the directories, is the fastest way to become the cited answer for "Motzkin Park Terrace price" and "villas under 2 crore Sarjapur".
